Description

Soundsure 300 is an acoustic underlay for commercial environments where you want to reduce impact sound while also needing a stable, comfortable base beneath the floor finish. The underlay supports even load distribution and helps reduce sound transmission between spaces, so you can specify, install and hand over with confidence and without hassle.

- Helps reduce impact sound
- Comfortable and stable base beneath the floor finish
- Suitable for heavily used commercial spaces
- Durable performance over time
- Practical to work with during installation

Sonixx Soundsure 300 3 mm: 10 x 1 m (10 m2)
