Description

The moisture barrier is made from 100% recycled PE film. Its smooth surface and color make it easy to distinguish the moisture-proof layer from the original subfloor. The moisture barrier meets the EPLF standards for moisture protection.

- 100% Recycled material
- 100% Moisture- and vapor-resistant
- Easy to handle
- Thickness 160 μm

Moisture Barrier 160 μm 22.5 m²

Art. nr - 69781

Specifications

Product weight	160 g/m ²
