Description

Elegance Green FR is a premium underlay based on post-consumer recycled polyurethane foam. Thanks to its higher density, this range offers greater support, a firmer and more luxurious feel underfoot, and extra comfort. This makes Elegance Green FR the more luxurious and heavier-quality option within the range, suitable for domestic and contract use where comfort and load-bearing performance are key. The range is available in 4, 6 and 7 mm, with a density of 170 to 220 kg/m³ and fire class Bfl-S1.
