Description

The Roberts 18V cordless mixer has been developed for professional mixing without the need for mains power. Its battery operation allows you to work flexibly onsite, even in locations without immediate access to power.

The brushless motor delivers powerful performance and is suitable for mixing heavier materials. With two gears, six speed settings and a soft start feature, you have optimal control and splashing is minimised. The mixer is compatible with mixing paddles featuring an M14 connection.

- 18V cordless mixer
- Powered by the QEP CONNECT battery system
- Brushless motor for powerful mixing

Roberts 18V Cordless Power mixer - dual battery

Art. nr - R1012C

WE WILL IMPROVE YOUR FLOOR

- Two gears and six speeds for precise control
- Soft start reduces splashing
- Suitable for mixing paddles with M14 connection
- Includes Ø120 mm mixing paddle
- Safety switch with trigger lock
- Rugged metal gearbox
- Perfect for professional use onsite

Please note: The R1012C requires 2× QEPBA4 4.0Ah batteries and 1× QEPCH1 charger. Alternatively, order RMSPECIAL for the complete kit. An appropriate UK-to-EU plug adapter is required for the charger when used in the EU.
