Description

The Roberts Pro utility knife is designed for professional cutting of different floor coverings. It is lightweight, perfectly balanced, and suitable for marking, scoring, trimming and cutting a wide range of materials. The contoured handle ensures a secure grip and improved control during detailed work. The magnetic blade holder keeps the blade firmly in place, while the thumbwheel makes blade changes quick and easy. Spare blades can be conveniently stored within the handle.

- Suitable for marking, scoring, trimming and cutting
- Ideal for all types of flooring
- Lightweight and well-balanced design
