Description

The Roberts Pro dual depth carpet knife is specially designed for professional carpet installers. It allows easy adjustment of the cutting depth to two settings without tools, suitable for the thickness of the carpet backing.

This knife is compatible with slotted blades with both round and straight ends. The ergonomic and comfortable grip ensures optimal control during cutting. With the SWIVEL GRIP blade storage, spare blades are always at hand, while the magnetic blade holder keeps the blade securely in place when open.

- For professional carpet cutting
- Two adjustable cutting depths
- Suitable for various carpet backings
- Compatible with slotted blades with round or straight ends
- Ergonomic comfort grip for extra grip and control
- Magnetic blade holder
- Tool-free blade change
