Description

The Roberts The General™ knee kicker has been designed to stretch and position carpet during installation. The telescopic handle is easily adjustable, allowing you to adapt the knee kicker to the requirements of each job.

The extra-wide head with steel pins and grip strips ensures a secure hold on the carpet. The gel impact pad helps to reduce strain on the knee and offers additional comfort during prolonged use.

- For stretching and positioning carpet
- Telescopic, adjustable handle
- Gel impact pad for added comfort
- Extra-wide head for better distribution of force

Roberts The General™ knee kicker
