Description

The Roberts 45kg linoleum roller is designed to apply even pressure to floor and wall coverings. The segmented roller ensures consistent force, enabling the materials to be firmly pressed into place during application.

The adjustable handle makes the roller practical and convenient for use on site.

- Suitable for vinyl floors, carpet and wall coverings
- 45kg version
- Segmented roller for constant pressure
- Adjustable handle from 45 to 70cm
- Ideal for professional use
