Description

Adhesive for carpet grippers.

This rubber adhesive has been specially developed to safely fix carpet grippers and metal finishing profiles to underlays. Also suitable for bonding stair nosings and nose profiles to steps.

The adhesive bonds excellently to a wide range of building materials including wood, stone, masonry, metal and certain plastics. Also suitable for use with wall panels, skirting boards, coverings and door frames. Not suitable for use on EPS (polystyrene/Styrofoam).

Coverage: approximately 11 linear metres per 310 ml cartridge with a 6 mm bead.
